Approval of Minutes

1. Action: The minutes of the last meeting, 6 May 1952, (IAC-M-69) were approved.

Report on Indicators  
(IAC-D-33/4, 33/5)

2. Action: Noted pages 1 through 3 and approved the recommendations with the amendment that paragraph 3 should read as follows:

"That the IAC Watch Committee arrange for the production by the appropriate office or agency of research studies on those indicators or parts thereof where it would be desirable to set forth what is known of past and present conditions and apparent trend."

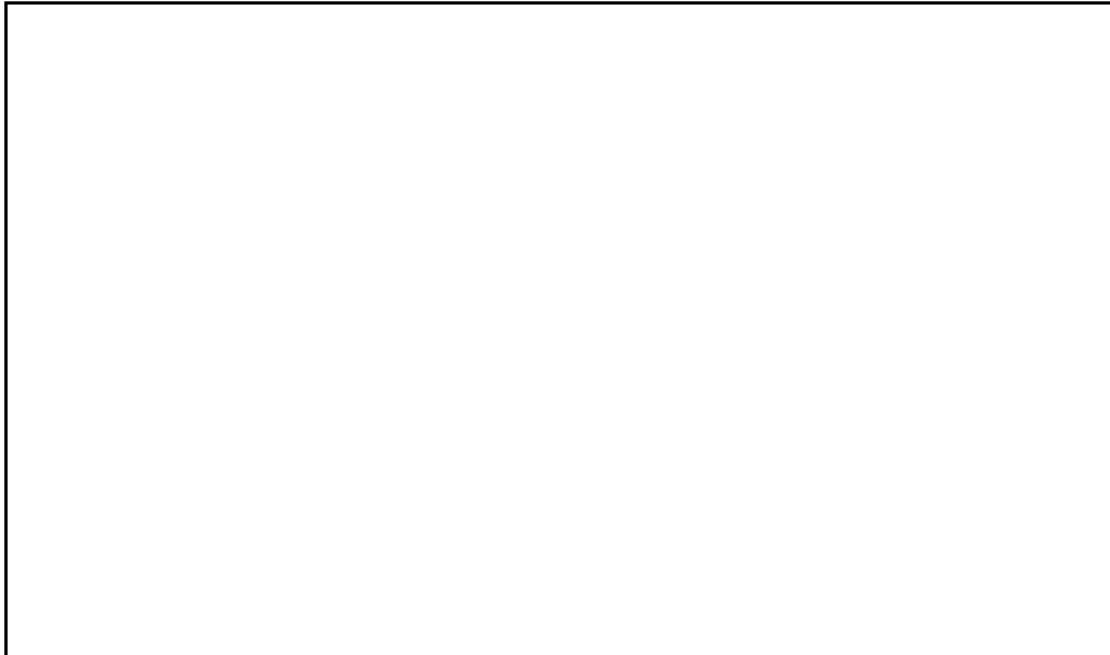

Discussion of the Status of  
Coordination in Berlin

3. Discussion: General Smith reported that in response to his cable General Truscott had indicated that coordination of clandestine activities is proceeding satisfactorily and that the target study is near completion. General Smith indicated that the need for the coordination of day-to-day operations is still quite clear as viewed from Washington and that it may be that General Truscott is not thinking of the same problems which have concerned the IAC. Therefore, he intended, he said, to send Mr. Kirkpatrick to Germany to discuss the matter with General Truscott and to explain in more detail the problem as seen from Washington and the objective in the proposal. General Smith invited General Bolling to send a representative with Mr. Kirkpatrick if he considered that would be helpful. It was the consensus that this course of action was desirable.
